PROFILE SUMMARY

Computer Science student in 3rd year at SR University, building real-world tools with Java, C, HTML, CSS, JavaScript, and Oracle SQL. I love turning ideas into working apps—from web projects to AI-assisted platforms—and I learn fast, adapt quickly, and take initiative. I'm excited to grow as a developer and make a meaningful impact.

EDUCATION

2023 - 2027
SR UNIVERSITY
- Computer science engineer

2021 - 2023
Career Point
- Intermediate

2018 - 2020
THUSHARA HIGH SCHOOL

SKILLS

- Project Management
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English
- Hindi
- Telugu

WORK EXPERIENCE

- Project Developer (Academic & Self-Learning Projects) 2023 - PRESENT
- SR University
- Worked on multiple real-world inspired projects including a blog website, an AI-powered bug fixing platform, and a Smart Tourist Safety Monitoring System created during the SIH 24-hour hackathon.
- Gained hands-on experience in frontend development, debugging, and problem-solving using Java, HTML, CSS, JavaScript, and SQL.
- Collaborated with peers, planned project structure, and delivered functional prototypes under time pressure.

CERTIFICATIONS

- Completed multiple certifications in Java, SQL, Web Development, and emerging tech areas.
- Hands-on practice through online platforms and university programs.

PROJECTS

- Blog Website (HTML/CSS/JS): A responsive blog page with clean UI.
- Smart Tourist Safety Monitoring System (SIH): 24-hour hackathon project developed for real-time tourist safety alerts.
- AI-Powered Bug Fixing Platform: AI system that detects code bugs and auto-suggests fixes with UI workflow.

INTERESTS / STRENGTHS

- Strategic gaming mindset
- Quick learner
- Curious about new technologies
- Strong adaptability and decision-making
